OFFICIAL PAPER OF SOCORRO COUNTY.

SATURDAY, October 5, 1901.

New Mexico demands statehood of the 57th congress.

New Mexico is entitled to statehood because it is her birthright.

New Mexico is entitled to statehood because both national conventions of 1900 promised it.

New Mexico is entitled to statehood because the right of self-government is a sacred right.

New Mexico is entitled to statehood because the 195,000 American citizens who dwell within her borders almost unanimously desire it.

New Mexico is entitled to statehood because the generous expenditure of her blood and treasure in support of the national government she has proved that she merits it.

New Mexico is entitled to statehood because in both peace and in war her citizens have repeatedly proved that there are no more loyal and patriotic American citizens than they are.

GOVERNOR OTERO's call for a statehood convention to meet in Albuquerque, October 15, should arouse the interest and hearty co-operation of all who have the welfare of the territory at heart. The fate of the question of statehood for years to come will depend upon the wisdom of the proceedings of this convention; therefore the delegates composing the assemblage should be inspired by the conviction that they are backed by an earnest uncompromising demand for statehood for New Mexico.

## The Territorial Fair.

It begins to appear that New Mexico is this fall to have a territorial fair worthy of the name. Former fairs may have been all that could be expected under the circumstances, but this time circumstances are not to be allowed so, full control. Albuquerque is very properly taking the lead and she is bestirring herself mightily. She is doing what she can directly by liberal contributions to make the fair a success as representative of New Mexico's resources. She is also doing what she can indirectly by striving to arouse something of her own spirit of enterprise in neighboring communities, all more or less interested in the matter. An unprecedented degree of success in this year's fair is already assured. Socorro county may be depended upon to do her full share toward making that assurance doubly sure.

## A Timely Suggestion.

THE last issue of the San Marcial Bee contains a valuable and timely suggestion by Hon. C. G. Cruickshank concerning the scandalous methods of assessment and taxation that now prevail in the territory. Doctor Cruickshank has had some experience in trying to bring about reforms in this regard and he therefore speaks as one having authority.

The suggestion is, briefly, to the effect that each county of the territory elect five commissioners each of whom shall act as assessors in certain assigned portions of their respective counties, that such assessors shall personally inspect the property to be assessed in their respective districts, and that the chairman of

each board of county commissioners shall be a member of a territorial board of equalization. The writer states that he hopes that his suggestion may lead to the passage of some sort of a law that will remedy present execrable conditions.

Doctor Cruickshank's suggestion seems at least to point in the right direction. It can hardly be expected to be final. The day of miracles is past. Nevertheless, if in the direction indicated there is material for a just and equitable assessment law the name of the author of that law should occupy an exalted place among those inscribed in New Mexico's temple of fame.

## COAL TO BURN.

It Exists in Vast Quantities in Western Socorro County.

Benjamin Crawford and Dell M. Potter have returned to Clifton from a three weeks' trip through Socorro county in New Mexico, and Apache county in Arizona, along the line of the proposed Durango and Clifton railway. They were after coal and found it in apparently inexhaustible quantities in veins from four to eight feet thick. They located 2,500 acres of coal land and also a number of other valuable mineral claims. While in Socorro county they visited the celebrated salt lakes, one of which exists in the crater of an extinct volcano. The water is as clear as crystal and many times stronger than the water of the ocean as far as salt contents are concerned. The United States government survey has taken soundings in the lake to the depth of 6,600 feet and found no bottom. They dug up some ancient pottery of Aztec origin from ruins along their route of travel.—New Mexican.

## Stricken With Paralysis.

Henderson Grimmett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by A. E. Howell, Socorro; W. M. Borrowdale, Magdalena.

## Hot-weather Privileges.

One of the frivolous diversions of the hot weather is thinking up puns on the name of well-known authors. A writer in the August Bookman has exercised his ingenuity to a considerable extent by a long list of punning questions and answers, of which these are the most amusing examples:  
Why was Rider Haggard? Because he let Rose Terry Cooke. When did Mary Mapes Dodge? When George W. Cutter. Why is George Canning? To teach Julia Ward Howe. What ailed Harriet Beecher Stowe? Bunyan.

A new remedy for biliousness is now on sale at A. E. Howell, Socorro; W. M. Borrowdale, Magdalena, drug store. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price, 25 cents per box. Samples free.

The Story of Sankey's Voice. In a forthcoming number of The Ladies' Home Journal Cleveland Moffett is going to tell for the first time the real story of Ira D. Sankey's great voice. Not the least interesting of the incidents he will relate is the singer's own description of how that famous hymn, "The Ninety and Nine," came to be written.

How Are Your Kidneys? Dr. Hodge's Kidney Pills cure all kidney ills. Sample free. Add: Hodge's Kidney Pills Co., Chicago, N. Y.

## A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of catarrh, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures catarrh, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "Snuffles," the guaranteed catarrh cure" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only catarrh cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve hay fever or cold in the head.

Catarrh when neglected often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure catarrh in any form or stage if use according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed catarrh cure."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept E 117, Edwin B. Giles & Company, 2330 and 2332 Market Street, Philadelphia.

## The New Editors for One Magazine.

It was announced several months ago that the editor of The Ladies' Home Journal contemplated making some sweeping changes in his editorial staff. Up to the present time ten new editors have been added to Mr. Bok's corps, and fifteen new departments planned for The Journal, a majority of which make their initial appearance in the October number.

## The Christian Endeavors' President.

The Rev. Francis E. Clark, D. D., president of the World's Christian Endeavors Society, has written for The Ladies' Home Journal a strong article on the question: "Why Should a Young Man Support the Church?" Doctor Clark's recent trip around the world gave him opportunities for studying this subject in many phases which do not exist in this country.

## Canadian Annexation Talk.

According to the Montreal Witness, which declares itself an opponent of annexation, there is some annexation sentiment in Canada. It finds that that region is becoming "gradually Americanized," though a large majority of its people are still against political union. The Americanization is being brought about, so it intimates, by the syndicate matter published in the Canadian papers, which is all made up in the United States, and by the United States plays, which are imported into Canada after they grow stale on this side of the line. "A more powerful engine of assimilation than this," it remarks, "could hardly be devised."

The Montreal paper misses some other important influences which are tending to "Americanize" Canada. Vast numbers of Canadians come to the United States every year to better their condition, and most of them stay here. Some of those who drift back to Canada remain only a short time, and then come to this country to reside permanently. These immigrants have a strong influence on all their acquaintances in Canada—on those whom they leave behind as well as on those whom they attract to this country. The United States, as shown by the census statistics, is growing twice as fast in population as Canada, which means that the gap between the two countries is broadening rapidly.

These influences are bound to have an effect on Canada in the direction of annexation. The few persons whom the Canadian papers now find in their region favorable to political union with this country will steadily increase. Some day they will be in the majority. Canada is gravitating into union with the United States just as surely as Cuba is, though the annexation in the Canadian case is not likely to come so soon as in the other instance. This is a law of political gravitation which the party leaders and party newspapers of Canada of to-day may fight, but they can not suspend. Annexation may not come within the next twenty-five years, but a quarter of a century is a short time in the life of a people. Many thousands of Canadians are solving the problem of annexation for themselves every year by coming here to reside, but the day is not very remote when they will be able to Americanize themselves without taking the journey.—Globe Democrat.

## Tot Causes Night Alarm.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittendon, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for coughs, colds, throat and lung troubles. 50c and \$1.00. Trial bottles free at all druggists, W. M. Borrowdale, Magdalena.

## A New Author's Good Work.

Frederick M. Smith showed more than ordinary literary ability in a short story, "The Blue Gown that Wouldn't Fit," which was published lately in The Ladies' Home Journal. A longer love story, the scene laid in Germany and the plot worked out with unusual cleverness, will soon appear in the same magazine under the title of "Christine."

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea remedy. For sale by A. E. Howell, Socorro; W. M. Borrowdale, Magdalena.

Do you have a feeling of undue fullness in the stomach, belchings, or sour or bitter risings? These are but a few of the symptoms of the diseased stomach. The worst thing which can be done for the stomach in such a case is to take some tablet or powder which merely gives temporary relief from discomfort. The best thing to do is to begin the cure of the disease by beginning the use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It makes the "weak" stomach strong, and puts the body in a condition of vigorous health.

"I was troubled a long time with dyspepsia, torpid liver, and constipation," writes Mrs. Julia E. Deal, of Oswego, Fredell Co., N. C. "Could scarcely eat anything at all; would have attacks of pain something like colic, and sometimes it seemed as though I could not live. I wrote to Dr. V. Pierce, stating my condition, and in a few days received a kind letter of advice, telling me to use Dr. Pierce's Golden Medical Discovery. I took four bottles, and one vial of Dr. Pierce's Pellets, and now I can eat anything I want and it doesn't hurt me. I have not been in bed a day since I took your 'Golden Medical Discovery,' and I have not since felt any symptoms of disease. I have not taken any medicine in twelve months."

Dr. Pierce's Pleasant Pellets cure constipation.

## A Very Bashful Man.

A naughty eastern exchange tells of a young man who called to spend the evening with his girl. A storm coming up the girl's father asked him to remain over night. He was a very bashful young man and the next morning when invited to a seat at the table very reluctantly accepted. He was very nervous and agitated. He sat opposite a mirror and discovered that he had forgotten to comb his hair. Then he dropped his fork on the floor and as he stooped to pick it up upset his coffee. Matters went from bad to worse until finally the young man quit eating and put his hands under the table. The loss ends of the table cloth were lying in his lap and when he touched it he turned pale. He thought it was his shirt and in his nervous excitement while dressing he had forgotten to put the garment inside his trousers. That accounted for the smiles and his embarrassment. There was no time to lose. He hurriedly stuffed the supposed shirt inside his trousers. Two minutes later when the family arose from the table there was a crash. The dishes lay in a broken mass on the floor. The young man pulled two feet of table cloth out of his pants and fled through the door. He is now hiding and the girl is on the lookout for a less bashful lover.

A fine grand square piano can be bought cheap. Apply to J. J. Leeson.

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are killing graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything. In fact was miserable. I have taken four bottles of Wine of Cardui, with Theodor's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

For advice in cases requiring special directions, address, giving symptoms, the Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn.
